ABOUT US

The Remarkables ski area is where you'll find your freedom. Located in the adventure capital of the world - Queenstown, New Zealand - it's not hard to see why this place is so addictive.

Our mountain is a welcoming, adventurous ski area boasting three sun-drenched, north-facing bowls and up to seven terrain parks.

Known for being one of the best mountains for progression, the ski area offers a range of terrain to suit everyone. From off-piste black runs and daring chutes to wide-open learner slopes and everything in between.

The iconic mountain is the Home of Freeride in New Zealand and annually hosts the country's only World Freeride Qualifier events.

The Remarkables is also home to the Southern Hemisphere's only Freeride World Tour Academy.

Within the last eight years, strong investment has seen the development of an extensive snowmaking set up, the installation of two new chairlifts and an award winning base building - all of which contribute to the world-class facilities on mountain.

Along with sister mountains, Coronet Peak and Mt Hutt, The Remarkables is dedicated to Kaitiakitanga, which focuses on continued restoration and enhancement of our environment.
